HAKKIMIZDA

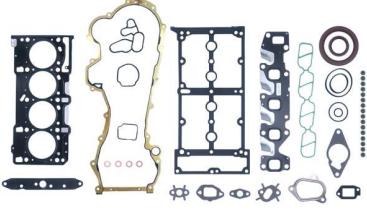

İmalat sektörünün önemli unsuru olan çelik saç kesme kalıp imalatıyla Konya'da üretim hayatına başlayan firmamız, 30 seneyi aşan tecrübesi ile motor contaları ve sızdırmazlık ürünleri üretimini yapmaktadır. Binek otomobil grubu motor contaları, ağır vasıta grubu motor contaları, kompresör contaları ve bunlara bağlı her türlü sızdırmazlık ürünleri imalatındaki kalitesini ispatlamış olan firmamız üretimini teknolojiye paralel bir şekilde gerçekleştirmektedir. Motorlardaki teknolojik gelişmeler sonucu kullanılan MLS (Multi layer steel gasket) çok katlı çelik contaları üretimde dahil eden firmamız bu contaların çelik kalıplarını da kendi bünyesinde üreterek daha hızlı ve kaliteli ürün geliştirebilir hale gelmiştir. Kaliteli malzeme kullanımı konusunda her zaman titizlik gösteren firmamız kaliteli üretimden hiçbir zaman vazgeçmemiştir. Kalite ve müşteri memnuniyeti vazgeçilmez unsurlarımız ve daha önemlisi firma prensiplerimizdir.

The background of the image features a dark, metallic surface with a prominent hexagonal mesh pattern, characteristic of Renault's design language. A bright, circular light source creates a strong lens flare effect, illuminating the center of the image and casting a glow across the hexagonal texture. The overall color palette is dark, ranging from deep blacks to greys, with the white text providing a sharp contrast.

The image features the word "Ford" in a bold, white, sans-serif font, centered horizontally. The background is dark and textured, with a pattern of small, dark hexagons that create a sense of depth and perspective, resembling a close-up of a car's grille or a honeycomb structure. The lighting is soft, highlighting the texture of the background and the clarity of the white text.
